HOW ABOUT A CAREER AS A SCHOOL BUS DRIVER!!

Just imagine yourself driving a 17,000 kg bus traveling the posted speed limit with a line of cars behind you and 84 elementary students on board. You then stop the bus, turn on the “Overhead Red Lights” and all the traffic around you stops so students can disembark. You watch closely to ensure the students are safe and then you carry on to the next stop. Sound like a great career! A great job!! If a career in school busing interests you then bring your resume to the SD63 Board Office located at 2125 Keating Cross Rd. We can arrange for you to ride with our experienced driver coach so you can experience what the job is all about. Every Saanich school bus driver is responsible for the safety of anywhere from ten special needs students to over 250 students each and every school day. Quite a responsibility but can be very rewarding. Great Hours: 7:00 - 9:15am; 2:00 - 4:30pm while school is in session. Christmas break, spring break and all summer off. Make a difference and join the team!! See how you can make a difference in a child's life.....
